

Biology I
Semester 1 Extra Credit

Biological Research

You have the opportunity to earn 1-3% points on your semester grade through completing research on a biological topic of your choice. Percentage points earned will depend on the thoroughness of your final product.

Topics could include recent discoveries in biological sciences, diseases, genetics, or any other topic related to biology. All topics must be approved by Mrs. Duda.

Format

You may present your research in a Power Point, Prezi, or typed paper. All formats must include MLA cited sources within the project accompanied by a references list. Sources **will** be checked for plagiarism. Any sign of plagiarism will result in a zero and a demerit for academic dishonesty.

Due Date

All research must be emailed to Mrs. Duda at pduda@scspk12.org by Dec. 22nd. No exceptions.
